COMPANY OVERVIEW

Hawk Way Solutions LLC is a Maryland MBE-certified cybersecurity and IT consulting firm serving federal agencies, state and local governments, NGOs, and private-sector clients. With 20+ years of field experience, active security clearances, and deep alignment to federal compliance frameworks, HWS delivers mission-critical technology solutions with the accountability of a boutique firm and the full capability of a large systems integrator. We operate as partners, not vendors — engaging at the senior level from day one.

CORE COMPETENCIES

- Cybersecurity & Compliance**
End-to-end security programs covering threat detection, vulnerability management, incident response, and audit-ready compliance across NIST 800-53, CMMC, FedRAMP, FISMA, CJIS, and SOC 2.
- Cloud Solutions & AI Integration**
Secure cloud migration and modernization on Azure Government and AWS GovCloud, paired with AI/ML integration to accelerate outcomes without compromising posture.
- IT Infrastructure & Network Design**
Enterprise network architecture, server management, and virtualization (VMware vSphere, Hyper-V) for resilient, high-availability environments.
- 24/7 Managed Security & Support**
Round-the-clock Tier 1-3 help desk, NOC/SOC continuous monitoring, and proactive incident response — zero-downtime operations, 365 days a year.
- IT Strategy & vCISO Advisory**
Executive-level cybersecurity advisory, disaster recovery planning, and IT modernization roadmaps — strategic leadership without full-time executive overhead.
- Desktop & Asset Lifecycle Management**
Full lifecycle management of endpoints, Microsoft 365, ESRI ArcGIS, and hardware assets — productive workforces and secure, current inventories.

COMPLIANCE & FRAMEWORK ALIGNMENT

- NIST 800-53
- NIST 800-171
- CMMC Lvl 2/3
- FedRAMP
- FISMA
- CJIS
- PCI DSS
- SOC 2
- HIPAA
- Zero Trust

WHY HAWK WAY SOLUTIONS

- Security-Cleared Personnel**
Active clearances on staff — ready for classified and sensitive environments from day one.
- Federal Framework Expertise**
Deep hands-on alignment with NIST, CMMC, FedRAMP, FISMA, CJIS, and Zero Trust.
- Proven Public Sector Delivery**
20+ years operating inside federal, state, and local IT — real delivery, not just consulting.
- Boutique Accountability**
You work directly with senior decision-makers. No account managers, no runaround.
- MBE Small Business Advantage**
Maryland-certified MBE eligible for set-aside contracts and teaming vehicles.
- 24/7/365 Operational Readiness**
Continuous monitoring and incident response when the mission cannot wait.

PAST PERFORMANCE

- Federal Agencies**
Cybersecurity assessments and NIST 800-53 compliance for DoD and civilian agencies.
- State & Local Government**
Network design, endpoint management, and CJIS compliance for Maryland agencies.
- NGOs & Non-Profits**
IT modernization, cloud migration, and managed support for mission-driven organizations.
- Private Sector**
vCISO advisory, incident response retainer, and compliance readiness for defense contractors.

SECTORS SERVED

- Federal Agencies
- State Government
- Local Government
- NGOs / Non-Profits
- Private Industry
